Fifteen members of the Ladies of the Grand Army met at the home of Mrs. Nancy Wood on west hill Thursday in honor of her 95th birthday anniversary, which occurred the day before. Mrs. Wood is an honorary member of the organization and the other members of the order deemed it fitting that they should meet to assist in a celebration of the event. The gathering was a surprise to Mrs. Wood, but she was equal to the occasion and a most enjoyable time was spent by all. Mrs. Wood, who rises each morning at 6 o'clock, and busies herself about something until night, acknowledged to her guests that Sunday was her hardest day, because she could not do anything. She was the recipient of numerous gifts and flowers. Refreshments were served and at the close of a delightful afternoon the guests departed, hoping that Mrs. Wood may see many more years of life and that her keenness of intellect, her great activity, and excellent health may continue. During the past year she has made many finely wrought pieces of needlework, has sold a large amount and has many orders yet to fill.

Miss Bernice Sanders of Jefferson street completed her duties in the office of Jones Bros. on North Main street this week, having resigned her position after a service of several years. Miss Sanders' approaching marriage to George W. Grant of Atlanta, Ga. formerly of this city, has been announced. Mr. Grant and his parents, Mr. and Mrs. James Grant, of Albany, N. Y., will arrive in the city early in the coming week.

Mrs. Nicholas Gomez of Granite street, who elected a jail sentence of 92 days in lieu of paying a \$300 fine and costs assessed her for the alleged illegal sale of intoxicating liquor, was taken to the house of correction last night to begin her term. Friends made a determined effort to raise the cash, but their endeavors were unsuccessful. John Johnson and John Maki, two Roxbury quarrymen, convicted of intoxication in municipal court yesterday, were taken to the county jail last evening.

When the school commissioners decided several weeks ago to abandon the Church street schoolhouse with the opening of the city schools in September, the suggestion was made that the property be secured for a historical building. At that time the suggestion was not earnestly discussed, but latterly the agitation has been renewed and it is not improbable that something tangible in the way of plans will be the result. Some few years ago the Barre Woman's club obtained the use of a room on the ground floor at city hall for the purpose of displaying various articles linked with the early history of Barre and Vermont. So numerous have been the donations, that the club is now cramped for space and in the not far distant future, additional provisions may have to be made for displaying the curios. A number of people have expressed a hope that the old Church street building may be diverted to some such good use.
